

CARTOMODE

POYPROPELENE CORRUGATED PROTECTION BOARD

PRODUCT DESCRIPTION

CARTOMODE is made by a high quality corrugated polypropylene. It is supplied in sheets 1000 X 2000 mm.

USES

CARTOMODE is an effective protection board for waterproofing membranes.

It provides excellent protection against damage for many types of waterproofing membranes, (such as APP, SBS, PVC, TPO, EPDM, etc..).

ADVANTAGES

- Light weigh/Strong: **CARTOMODE** sheets are light in weight & strong in durability.
- Water/Chemical proof: **CARTOMODE** sheets are waterproof & chemical resistant.
